

From: The Netherlands & we've not yet met!

I still don't have the results of the culture. Will let u know.
Not feeling so great, but then for me, only flu !!

GOOD NEWS ---as usual YOU are always right !!!!!!!

Blood results are really good ! The chronic EBV down to..oh my, wait for it.. only 100 !!
Last time in July, after first taking your remedies it had gone from 8000 (been 15000 a year ago) to 1500 and now 100..!! yippee..so my remedies ARE working, I just noticed nothing because of this virus/flu I suppose!!

Thanks again for your concern Debbie and support. And yes thanking God for the amazing healings !

Stella
