I was so impressed with the website... It shares a lot about you and your business. I just love the pictures. And I want to write a testimony too. So let me know how to submit it to you.. I really loved seeing those precious grandchildren.. Oh my gosh how they have grown. were has time gone. It really is going by just to fast for us.... As I sit here and write this I just keep thanking God for crossing our paths. You have been **ONE OF THE GREATEST BLESSINGS** my family has ever received.... I pray for you daily that God will continue to bless you as you heal others. And that HIS grace and love will fill you to overflowing... Thanks for being the worlds greatest doctor and our special friend. Love you Durenda and Sonny Hall

Have a great day----- Counting Your Blessings
